VOL. 51—No. 41

Letters From The Boys In Service

From Private Bernard J. Firpo,
739th Military Police Department
Decatur, Ill.

The Sea Coast Echo:
Gentlemen:

I wish to thank you again for the Echo. It means a lot to one who is away from home. Through it, we are able to ascertain the whereabouts of the boys from Hancock County.

Again thanking you and with best wishes to you and your family, I am,
Your friend,
Bernard Firpo.

From Corporal Joe V. Perniciaro,
Jr., Co. A 654 G. D. Bn., Camp Gordon, Ga.

I wish to thank you for your consideration in sending me my town paper. I enjoy it very much as it keeps me posted with news about my friends who are in Uncle Sam's service and also those at home.

Sincerely yours,
Joe V. Perniciaro.

From Andy J. Becker, Co. D, 12th Training Bn., Fort McClellan, Ala.

Dear Friend:
It is with pleasure that I take this opportunity of extending my sincere thanks and appreciation for your kindness in mailing me the "Echo."

If there is one thing that will help keep up the morale of we men in service, it is news from home. Every man in service, no matter where he may be, enjoys news about the folks back home, and as long as he knows that all is well at home, he can go about his duty without that worry.

Personally I hold the people of Bay St. Louis close to me. So any news about them is truly appreciated. The "Echo" certainly keeps me posted on what they are doing. It can truly be called "The Gossip of the Town" as I have often heard it nicknamed.

Certainly hope that you will be in a position to continue this noble deed to the men of Hancock County who are in service for the duration, as I feel certain that they will do all they can to put an end to war forever.

Hoping that this letter finds yourself and all the folks near and dear to you in the best of health, I am,
Your friend,
Andy.

From Staff Sgt. Clyde F. Ladner, 316th Mtl. Sqdn., 9th AB Gp., A. P. O. 868, c/o Postmaster, New York, N. Y.

Just a slight change in my A. P. O. number—changed from 869 to 868.

Made the rating of sergeant during the month of July and Staff Sergeant the early part of this month.

Yours truly,
Clyde F. Ladner.

From Pvt. Orvis A. Shiyov, Hq. Co., 1st Bn., 155th Inf., 31st Division, A. P. O. 31, Camp Shelby, Miss.

Dear Sir:
Just a few lines to let you know that the 31st Division is at Camp Shelby and we would appreciate your sending the paper to us here, instead of Texas.

I like to read the paper and find out what is going on at home,

and also what the boys in service are doing, and where they are located. I like Shelby very much and am glad to be here.

Yours truly,
Orvis A. Shiyov.

From Seaman I/c Vincent Lagrue,
Ward B. U. S. Naval Hospital, Bre-
merton, Washington:

Echo Staff:
Just a few lines to say that I am receiving the Echo each week, and while far away on the great north-western coast, look forward every week to receiving my copy of the Echo and enjoy reading about my home town on the beautiful Mississippi Gulf Coast. God's country.

I wish to extend my thanks to Mr. John Mollere, Mr. Dec Elliott and Mr. John Damborino and to Mr. A. G. (Red) Favre, for the kindness shown by all of you.

I have been receiving treatment at the Naval Hospital for the past month and hope to be well soon and able to get out and back to my camp and my Buddies and into action.

I remain your friend,
VINCENT JULES LAGRUE.

From Pvt. Cedric Heitzmann, Co. G, 6th Q. M. Reg., Camp Lee, Virginia:

Hello Red:

Received the Echo, and many thanks for it. I enjoy reading news from home. Camp Lee is a wonderful place. I've gained six pounds since I've been here. Two Bay boys are here with me, Felton Bourgeois and Joe C. Keller.

Tell all the staff hello for me.

Congratulations on the arrival of your baby girl.

Wishing you all the luck and best wishes for the duration, I remain,
Your friend,
Pvt. Cedric Heitzmann.

From Cpl. Elgin L. Dedeaux, Co. E, 31st Division, 155th Inf., A. P. O. 31, Camp Shelby, Miss.

Dear Mr. Favre:
Since being sent from Camp Bowie, Texas to Camp Shelby, I've missed getting a few copies of my paper. Please forward it to my new address. When I do not get my paper, it's like expecting a letter from home that comes a day or two late. It is a great disappointment, for I am anxious to know what my family and friends back home are doing.

I spent this past week end at home with my family, and enjoyed the visit very much. I am glad to be near home, so that I can visit my family and friends often.

I will be looking forward to receiving the paper. Many thanks.

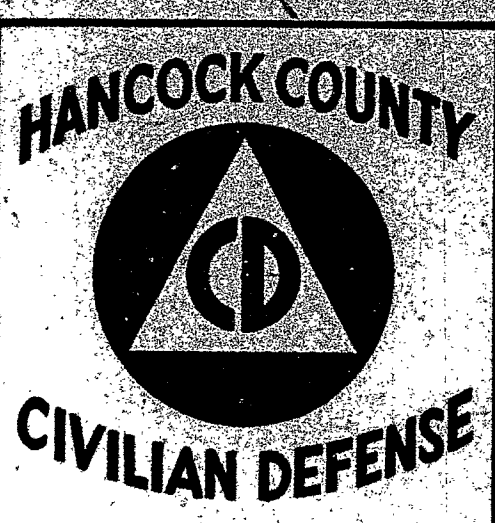

Yours very truly,
Cpl. Elgin L. Dedeaux.

From Pvt. Carl G. Heitzmann, 478th Bomb Squadron, 340th Group, Columbia Air Base, Columbia, South Carolina:

Dear Red:
Thanks a million for the Echo. I really enjoy reading it. It keeps me posted as to where the home town boys are, and by knowing their addresses, I may be able to locate some of them at my base.

Tell the Echo force hello for me, and tell them that I will try to get a Jap for every Echo that I receive.

Yours truly,
Carl G. Heitzmann.

MISS Louise Crawford, Executive Officer of the Citizens' Service Corps is busy formulating plans for the organization of this phase of Civilian Defense in Hancock County. An example of how the Citizens' Service Corps serves was demonstrated this week in the emergency occurring at the Bay Hi Lunch Room. Mrs. Buckley, manager of the Lunch Room, was unexpectedly called out of town, and several ladies of the Red Cross Canteen Corps, already trained along this line, were called in to assist in preparing and serving lunches. These ladies will be given credit for the time spent on their Canteen Service.

During the absence of Chief Air Raid Warden Al Cox, Alternate Geo. Stevenson is in charge.

The Mens' First Aid Class meeting at the Scout House every Tuesday and Friday nights is going strong. Quite a few boys training for the Messenger Corps are members.

Latest facts and war information may be found in a weekly bulletin called Victory. This bulletin is available at the Library and the Civilian Defense Office.

There will be a meeting of the Advisory committee on next Monday afternoon, October 12th, 1:30 P. M. in the Defense Office. All members please come.

**George L. Cuevas, Jr.
Stationed at Pearl Harbor
On December 7th, Home
on Furlough**

Possibly the first of Hancock County's native sons to return home from a scene of combat in our Pacific Island possessions is George Cuevas, Jr., son of County Assessor and Mrs. George L. Cuevas of Bay St. Louis. George, like all Americans, was shocked beyond words into the realization that an enemy was attacking us when Japanese dive bombers made their dastardly attack on Pearl Harbor on Sunday, December 7th and wreaked havoc on our Army and Navy posts, killing and wounding so many Americans and natives without warning.

George Cuevas, a tall, slender youth of twenty, with black eyes and newly grown mustache, is the typical American sailor whose one desire is to go back and hasten the job of beating the Japs who imported on his mind an indelible picture of war and its horrors in the unforgettable experience of assisting in aiding the wounded men, women and children on that December 7th; the Sunday which displaced history's war cry "Remember the Maine," and created the new cry which was radioed all over the world in a few hours—"Remember Pearl Harbor."

Home on a twelve day furlough, most of which was consumed in his long trip from the Pacific Coast and the time required to return, George evidenced his obedience to orders in giving very little information about the attack on Pearl Harbor by answering very few of the many questions which persons meeting him asked, and by generally simply shaking his head in a negative gesture. However, he did state that on the day of the attack he was at the submarine base where he was stationed, and, like everyone else, did not realize that Pearl Harbor was actually being attacked until advised of the fact officially. George stated that things really began happening then and everyone got into instant action.

When asked about the native background and "island" girls, George stated he still liked the Americans best and also stated that every provision is being made by the Government and its agencies, the United Service Organization and American Red Cross, also the Salvation Army, Catholic organizations and Young Men's Christian Association giving splendid assistance in keeping up the morale of the service men and making life so far from home shores happier.

One of George's happy moments recently was when he and Alvin P. Smith, Jr., son of Dr. and Mrs. Alvin P. Smith, met in Pearl Harbor and visited together and exchanged news of home and friends and their experiences since leaving school.

George Cuevas is a native of Hancock County and has spent the greater part of his life in Bay St. Louis where he resided with his parents and attended St. Stanislaus College.

He enlisted in the United States Navy on September 29, 1940 and left the States in January 1941 aboard

FIRST LIEUTENANT IN UNITED STATES ARMY

LIEUTENANT JOHN P. SCHIRO

Lieutenant John P. Schiro, son of Mr. and Mrs. August Schiro, was commissioned a First Lieutenant in the United States Army on August 15th, 1942, and is presently stationed at Fort Jackson, Columbia, S. C.

Lieutenant Schiro is a graduate of St. Stanislaus and of the School of Dentistry of Loyola University of the South at New Orleans. Prior to his entry in the Army he practiced his profession in New Orleans, where he maintained his office. He was a visiting member of the Charity Hospital Clinic, and of the Dental Faculty of Loyola University.

Memories Of October 3, 1933

By MISS MAY H. EDWARDS

As the present population of Bay St. Louis views with pride the thirteen mile stretch of paved beach drive and seawall with a modern and beach others of the older residents recall the October storm of 1933. Saturday, October 3 marked the 49th anniversary of the most treacherous, destructive storm that section has ever known since 1860. On Sunday, October 2 a heavy rain began, augmented by high tides and wind which reached a velocity of 75 miles. At an early hour Monday morning the storm broke and relentless in its fury carried death and destruction in its path.

At that time the beach drive was a shelled road approximately ten miles in length which stood at an average of five feet above the water's edge. At some points the rise was as high as ten feet.

Every beach resident maintained a pier and bath house approximately 250 in all and by early Monday morning these began to give way before the lashing tide and winds and by daylight there was not one standing. The road was washed in at some points to the front fences of the residences and there was sufficient debris to make the road impassable. In addition to this the entire bridge span of the Louisville & Nashville Railroad across the Bay of St. Louis was torn away and for months the only transportation between here and New Orleans was by boats.

At the head of Union Street, on the water side of the beach, many buildings, among which were the dental office of W. E. Walker, the building owned by G. Planchet, the adjoining office of Dr. R. J. Turner, the drug store of T. L. Evans, and the building owned by Planchet, used as a postoffice, were all partially destroyed.

Louis Piaras, then postmaster, recalls having abandoned the post-office building at 2:00 a. m., where he was sleeping. The next morning, he relates, all that was holding it were two posts, with the earth foundation beneath almost completely washed away.

The G. W. Dunbar sons owned and operated a cannery, which suffered extensive damage. The improved property of Louis Leonard, grandfather of Junior Breath and Mrs.

Roger Boh, was completely destroyed, together with his pleasure boats. His orchard of pear trees was seriously damaged. Capt. W. T. Boardman, father of Mrs. Carl Olson and Mrs. J. C. Roland, suffered severe loss of property and boats, and to his fruit, pecan and shade trees. The Gulf Coast Market, owned by Mrs. Ruisich and occupied by George Muller, was a total loss of building and stock. In front of the yard of Mrs. A. Gragnon, corner of Booker and Front streets, the water from the lake measured three feet, and debris from the wrecks of the water formed a blackhead over the ravine near by.

The wires of the Western Union Telegraph Company were down in most parts from the Coast to New Orleans and communication from Bay St. Louis totally discontinued. J. A. Green, Sr., was then agent, and by Thursday morning was busy again at this end of the line.

The schooner, Henry Weston, owned by Frank Taconi, Sr., was partially buried in the beach. Near the mouth of Jordan River, five schooners were blown ashore, and the homes of many of the inhabitants were completely destroyed, and others partially destroyed.

The first transportation of passengers from Bay St. Louis to New Orleans was on the morning of October 5th, when a working schooner took eighteen passengers, at \$6.00 apiece, to New Orleans. On Thursday morning the Weston Lumber Company steamboat, Sarah, left Bay St. Louis at 10:00 o'clock with eighty passengers aboard, at \$5.00 apiece.

Bay St. Louis was not the only town suffering from the storm. The residents of Pass Christian suffered likewise in the loss of, and damage to property, and many had thrilling experiences, while some barely escaped with their lives. South Louisiana, in the vicinity of New Orleans, suffered great damage. The City of New Orleans was not damaged. Grand Isle disappeared beneath the water with all buildings and inhabitants. Press dispatches said that Chandeleur Island and the United States quarantine station were completely destroyed.

This brief history or rather story of the "October Storm" should make the present residents appreciative of the protection against these disasters provided today.

Lieutenant Chapman Marshall Member Of Ferry Command

Lieutenant Chapman Marshall, son of Mr. and Mrs. Carl Marshall of Bay St. Louis, is a member of the Army Air Force, and is with the Ferry Command Army Air Base, Nashville, Tenn.

Lieutenant Marshall received his pilot license when in his teens. He recently returned from a trip which took him around the world.

Bay St. Louis is proud of the accomplishments of this young man in the flying field and we are indeed happy to claim him as a native son.

MRS. Stella Catching is making an appeal for workers to help with the surgical dressings that are now here. Two shipments, one consisting of 9000 dressings, and one of 7000 dressings have been received by the local surgical dressing unit, to be completed during the month of October. Consequently, workers are greatly needed to complete this work. The surgical dressing room is in the Masonic Temple building and the hours of work are from one to five, daily, except Saturday and Sunday. Phone Mrs. Catching, No. 20 for information.

The regular monthly meeting of the Red Cross Chapter was held Wednesday morning at ten o'clock at the Courthouse. It was announced that a Staff Assistants' corps would soon be organized by the Volunteer Service unit. A training class for members of this group will start soon.

New material is continually arriving at the Production Room, and more workers are needed both for the knitting and sewing. For information, phone 81.

USED TIRES AND TUBES FROZEN

To Be Rationed Under Same Regulations That Control New and Recapped Tires

The Office of Price Administration on October 1 issued an order freezing the sale of used tires and tubes and at the same time announced that used tires would soon be rationed to carry out the Baruch Committee's recommendation of tires for all essential uses.

The freeze was put into effect to keep intact the present supply of used tires pending completion of the rationing program, which will govern the use of these casings just as the present rationing regulations control the uses of new and recapped tires. With the beginning of used tire rationing, the freeze order will be lifted to the extent necessary to permit sale to certificate holders.

The used tires are being brought into the program, it was explained because they will be needed in carrying out the Baruch Committee's recommendation. It is important to have available for rationing, OPA said, only the mileage that is represented by used tires with good tread thicknesses still remaining, but also the supply of recappable carcasses which are the starting point of any successful recapping program.

Shortage of recappable carcasses has had some hampering effect on recapping in the present rationing program. A growing volume of complaints has come to the rationing authorities that car operators who get recapping certificates are unable to use them for their own cars and there is no well organized market where they can buy suitable carcasses.

It was explained to day by Mr. J. D. Wise, State Rationing Officer, that there are exceptions to the freeze order in regard to transfers by both consumer and dealer, some of which he cited.

The order, for instance, does not prevent the sale of an automobile equipped with used tires. However, an automobile dealer is permitted to shift mounted tires among his cars. But used tires that were a part of a dealer's unmounted stock as of September 30, 1942, may not be mounted on the dealer's cars during the freeze period.

Dealers in tires and automobiles may transfer used tires to other dealers, but they are required to report to OPA any transfers of this kind made after September 30.

Although sale of used tires or tubes by one consumer to another or by a consumer to a dealer is forbidden, the freeze order permits the transfer necessary between a recapper and a consumer in getting a tire recapped, or between a dealer and a consumer getting a tire recapped.

The freeze order is contained in an amendment to the Revised Tire Rationing Regulations.

SCRAP DRIVE IMPORTANT

Rally To Be Held Today— School Children Active In Drive

It may be only junk scrap to you—but it's Guns to our fighting men!

Yes Sir! Your scrap is mighty important to our fighting forces. One half of the metal in every ship, every tank and every gun is your scrap. Think of it and then ask yourself if you are actually doing your part and going in with the Government on this all-important scrap collection drive.

A survey of the scrap collection work being done in Hancock County shows that many people are not conscious of the importance of this old metal—doing nothing at all to help collect it. Children are doing a much better job than grown-ups. Salvage Chairman Al Voight and City Commissioner H. Grady Perkins addressed the Bay High student body in each of the sixteen class rooms a few days ago and report that a poll count among students indicates that more than sixty percent of all students are collecting scrap and in some of the lower grades the count showed that every little student in the rooms are active 100 percent and are making a very satisfactory showing in the amount of scrap collected. Mr. Voight advises that more than thirty thousand pounds of the best metal in the beach scrap pile was brought in or collected by small school children.

Authentic information shows that our large munition plants have a limited supply of essential metals with which to keep our much needed armament flowing freely out of these plants. Think of that and immediately become scrap minded—this is not a war we hope will be won—it must be won—and in the shortest possible time. May we seriously urge you to help your country by getting together every pound of scrap metal you have and get into the stock pile for shipment. If you do not know how to proceed call any member of the Hancock County Salvage committee—act today and not wish later you had acted.

Don't forget SCRAP RALLY DAY, Friday, October 9th starts at 1:00 P. M. at Bay St. Louis. Bands, speakers, parades, etc. Come—Everyone invited.

Registrants Ordered For Physical Examination

In accordance with a letter received from State Headquarters Selective Service in Jackson, Mississippi, in which a request was made that the names of registrants ordered for physical examination each week be published as an aid in helping registrants to remember when and where to report for their examinations, the following list is published of men who are to report to Local Examiner, Dr. C. M. Shipp, at the City Hall, Bay St. Louis, on Monday, October 12, 1942, at 9:00 o'clock. A. M.

SIDELINES CLUB HOLDS MEETING

St. Stanislaus Organization headed by E. J. Arceneaux, As President

The first Sidelines Club meeting of the 1942-43 season was held in the lounge of St. Stanislaus College on last Friday evening at 7:45 with an excellent attendance.

The following officers will be in charge of the Club this year: President, E. J. Arceneaux; Vice-President, Lucien M. Gex; Secretary and Treasurer, A. G. Favre.

The meeting, strictly a business one, was presided over by Mr. Arceneaux and a discussion on the membership drive was held. All former members, and anyone wishing to become a new member, will please mail their checks to either Brother Peter, President of St. Stanislaus College, A. G. Favre, Secretary and Treasurer, or Mr. Arceneaux, President of the Club.

Chairmen and committees will be appointed at the next meeting of the Club, notice of which will be given at a later date.

It was voted upon and agreed at this meeting that all former members of the Sidelines Club who are interested in the service be made honorary members of the club.

REGULAR MONTHLY MEETING OF S. J. A. PARENTS' CLUB

The regular monthly meeting of St. Joseph Academy Parents' Club was held at the convent on Tuesday afternoon, October 6th, with twenty-one members present.

Mrs. John A. Green, President, was in the chair and Mother Claire opened the meeting with prayer.

Mrs. L. S. Elliott was elected as the new secretary in place of Mrs. G. F. Stevenson, resigned.

Mrs. Arthur A. Scafield reported as chairman of the Bingo Committee on the bingo game which was held last Sunday afternoon as the first activity of the club and which was highly successful, and thanked the members of her committee and those assisting her.

Mrs. Roger Boh reported as chairman of the Card Party Committee that she planned to have a large card party the first week in November, possibly the 5th or 6th.

Mrs. H. L. Kergosien, Chairman of the Membership Drive, reported the drive had begun and there was every indication of its being successful, and requested the members present to assist with the drive.

After the business of the meeting was completed, the members enjoyed a pleasant social hour with refreshments served by the hostesses for this meeting, Madeline Roger Boh and Horace L. Kergosien.

NECESSITY OF SCRAP MATERIALS

AMERICA is fighting for her life. The mills and factories of the country are working twenty-four hours per day to speed the production of the necessary weapons and equipment that America must have to win.

Our success does not hinge on how rapidly our factories can convert raw materials into equipment and weapons. That problem has been solved. The manufacturers of the country have convinced us that they are able to out-produce any nation in the world. In the words of Donald Nelson: "We are faced with a serious shortage of steel scrap, rubber and other vital materials. That shortage must be filled." This is the problem that is confronting us at this time.

The nation is engaged in one of the greatest and most important drives in its history; that of securing the necessary scrap materials, so that the industries of our country may continue to have materials to produce the necessary weapons of war. Many people have as yet not been able to realize the importance of scrap material. When we speak of scrap, we mean an article that is worn out, obsolete, or otherwise useless. It is still far from worthless, then it becomes scrap. The miscellaneous junk that clutters yards and attics and lies around farms, is actually a raw material.

We have become so accustomed to the extravagant use of our resources that it is very hard for us to become convinced that we do not have a sufficient amount of steel and necessary metals for the production of our war weapons, but to-day's war production calls for more materials than the nation can possibly supply, and in order to meet this call, it is necessary that we stop all waste and recover the vast hidden stock pile of scrap that has accumulated over the years.

Steel is normally made by melting together 50% of pig iron, 25% of scrap generated in the steel plant in the process of steel making, and 25% per cent of scrap, purchased from outside junk sources. Steel can be made 100% from pig iron, or it can be made 100% from scrap, and still be the highest quality steel; for the so called scrap is actually refined steel with most impurities removed; but the important thing to remember, is that every ton of steel scrap takes the place of one ton of pig iron, and to make one ton of pig iron takes two tons of iron ore, one and two tenths tons of coal and one-half ton of limestone.

We should remember that in producing steel from scrap, that it can be produced three times as fast as from pig iron. Our annual war steel capacity is 90,000,000 tons. To produce this amount of steel without scrap would require 180,000,000 tons of iron ore, 108,000,000 tons of coal, and 45,000,000 tons of limestone. There is simply not enough mining, transportation and plant facilities to supply and handle all this tonnage. SCRAP MUST FILL THE GAP.

The people of Hancock County should get into the scrap material drive with the same zip and spirit that they have shown in the other drives that have been held throughout the nation. It becomes our duty as good loyal American citizens to ferret out every piece of scrap metal that we may have, and see that it reaches the junk piles, in order that it may be on its way to the factories to help in the production of war materials.

If we would only give a little thought to what some discarded piece of scrap metal may produce, we would become more conscious of the necessity of seeing that this material is gathered. One copper kettle yields enough copper for 84 rounds of automatic rifle ammunition. One old car battery supplies the lead needed in 3, three-inch anti-aircraft guns. One old bicycle tire and tube gives enough rubber for the insulation in 6 army radio sets. The aluminum in a washing machine will build 21 four-round incendiary bombs. One old shovel will help make 4 hand grenades. An old plow furnishes enough steel for one hundred 75 mm. armor piercing shells.

When we observe what this scrap metal will actually produce and know the urgent need of it how can we sit idly by and not attempt to help get together materials that will make the necessary weapons of war for our boys to use for our protection and the protection of our loved ones, and of that freedom and liberty that we are all enjoying? We should become more conscious of the fact that we are in a real war, and that it is necessary for us on the home front to lend every aid possible to the boys who are putting up the fight on the battle front. If we do not do our job at home, how can we ever hope that they will do theirs on the battle front, if they do not have the necessary equipment and weapons to carry on the fight.

Friday, October 9th, will be SCRAP RALLY.

FAITH AND COURAGE

On October 12th we celebrate the 450th Anniversary of the discovery of America by Christopher Columbus. This day has been set aside and designated as Columbus Day, and in many states has been declared a legal holiday in honor of the great discoverer.

Columbus was born in Genoa. His father was a wool comber, but Columbus had a love for the sea from his youth. Records show that in 1470 he shipped as a sailor, and for some years spent part of his time on the seas. In 1477 Columbus had settled in Lisbon, Portugal, which country in those days was most favorable to navigators, and there, in 1478, he married a lady of good family, by whom he had one son, Diego. Members of his wife's family were navigators, and Columbus came into possession of their charts, which further increased his interest in Geography. He, himself, was an expert map maker. In the works of Marco Polo he read much that inflamed his imagination of the wonders and riches of China, of gorgeous cities, golden roofed palaces of Cipango (Japan) with its golden streets and its jewels, and he became more and more determined to find a direct route to these countries.

The mass of the people at that time held that the earth was flat, and even those who believed differently, had some very curious notions—there could be no inhabitants on the other side of the globe, they contended, because they would be walking head down and would naturally fall off and that it would not be safe for ships to sail down one side of the earth because they could not possibly get up on the other side, but none of these difficulties discouraged Columbus. His contention was that, if the earth were round, the countries to the East could certainly be reached by sailing westward, and he was willing to risk his life to prove it. Of the great continent of America which lay in his way, he knew nothing.

Financial difficulties were Columbus's main trouble. He attempted to secure aid from wealthy men to finance his expedition, but met with failure. Even King John of Portugal, who had been generous to other navigators, refused assistance. In 1484 he went to Spain to lay his case before Ferdinand and Isabella. He pleaded with them, but received very little encouragement. Finally, late in 1491 he decided to leave Spain for France, and on his way he stopped at the Convent of La Rabida. There he made the acquaintance of Juan Perez, who had formerly been Queen Isabella's confessor, and Father Perez inspired by the zeal of Columbus, wrote a letter to the queen, which resulted in his recall to Spain. Through the queen's aid, three vessels were fitted out for him and he was authorized to take possession of all the land, in the name of Spain, that he might discover.

On August 3rd, 1492 Columbus set sail from Palos with his three little sailing vessels; the Nina, the Pinta and the Santa Maria. It was perhaps the greatest exploit ever taken, for he was sailing, not along the coast, but straight out into the "Sea of Darkness," as the Atlantic was then called, every minute farther and farther from the only land he really knew. His crew did not share his belief as to the outcome of the voyage, and according to some accounts, they threatened mutiny; but through it all, Columbus remained firm, refused to turn back, and finally, on October 12th, 1492, came the triumph. Early on that morning they landed on an island, which Columbus called San Salvador.

Thus, through the unswerving faith and tenacity of purpose of a great man, came the discovery of America. Our forefathers followed in the foot-steps of the great discoverer and maintained that same faith and courage that he exemplified, when they set out in the development of this great country. Our liberty was won, and it shall be preserved by belief in the Creator, and by active faith in the protection of Divine Providence. We should, therefore, manifest in our daily lives, the traits that were possessed by Columbus, to the end that sacrifices that have become necessary for us to make, should be gladly borne as our share in our fight for victory, for freedom, and for the liberty which we enjoy, and as he, we should not weaken, but should continue in our unswerving faith and tenacity of purpose to rid the world of tyrants.

THIRTY FIVE MILE SPEED LIMIT

HONORABLE Paul B. Johnson, Governor of Mississippi, has asked that all people observe a thirty-five mile speed limit on the highways of the State of Mississippi.

The Governor has issued a statement stating that Colonel T. P. Brady, Commissioner of the State Highway Patrol, with the help of some 1400 members of the Auxiliary Highway Patrol, will report all violators of the thirty-five mile speed limit to Patrol Headquarters.

We are being asked to observe this regulation in order to conserve rubber and gasoline and if all drivers whose love for their country is strong enough to enable them to make this sacrifice will give the Victory Sign with their car horn when they see a violation; they too will be helping with the enforcement of this vital program. The name and address of all violators of the thirty-five mile speed limit will be furnished to all ration boards, and, as you have been advised by the State Rationing Board, if you drive at a high rate of speed and in a reckless manner, caring very little how you abuse your tires, you will be black-listed and be unable to secure tires even though you are eligible for them.

Col. Brady has also suggested that it may be necessary to have a "Slackers List" in all county papers showing the violators of speed limits in respective counties.

We are certain that the people of this county will respond to the appeal made by the Governor and that it will not be necessary to publish such a list in this county.

DAY in Hancock County. May we urge you to join together with your neighbors and attend this rally; and may we also urge you to do all in your power to see that every available piece of scrap material in Hancock County is gathered together and placed in the necessary channels so that it may be on its way to the factories for the production of war equipment and weapons to help destroy the damnable tyrants who are attempting to take from us the freedom and the liberty that we cherish so dearly.

History of Beginnings

Red Tape

IN ENGLAND IN THE 18TH CENTURY, THE PRACTICE OF TYING LEGAL DOCUMENTS WITH RED RIBBON BROUGHT THE TERM "RED TAPE" INTO USE. THIS WAS, PERHAPS, SYMBOLIC OF EARLIER TIMES WHEN COVENANTS WERE SIGNED IN BLOOD.

The treacherous attack at Pearl Harbor cut the red tape that bound our giant, Uncle Sam, releasing the dynamic energy that shall dictate peace terms to the dictators.

STANISLAUS NOTES

By PETE BENVENUTTI

Saturday morning Brother Giles, Moderator of the Sodality of the Blessed Virgin announced the results of the nominations and subsequent selection of officers. Jose Perez was elected prefect by a large majority but since he is Editor-in-Chief of the Rock-A-Chaw, he willingly forfeited his right as prefect because it is not customary for any student to hold more than one outstanding position.

The next four in line were Daniel Evans, William Kenny, Douglas Kuylen and Pete Benvenuti.

These boys will each have an opportunity to act as prefect and the one that shows the best qualities of leadership will be chosen. The others will be assigned to the remaining offices.

The chairman of the meeting Saturday was Pete Benvenuti. Several sodalists gave very interesting talks. Dan Evans spoke on the Consecration of the Family to the Sacred Heart. Douglas Kuylen made a talk on the Living Rosary. Bill Kenny spoke about the Reading of Pamphlets. After each of these talks a lively discussion followed. Resolutions were formed and passed unanimously by the sodalists.

Sunday afternoon the Stanislaus Rockchaws encountered the Aloysius Crusaders at City Park Stadium. Although the Rockchaws came out on the short end of a 19-0 count they never quit fighting till the whistle blew for the end of the game, a characteristic of all Stanislaus teams down through the years.

Although transportation is corrallled due to the war, still there were quite a number of town folks cheering on the Rocks. Some of the students who made the trip were Menou Arceneaux, J. D. Horlock, Horace Geoffroy, Roger Boh, Justin Green, John Schubert, Jeff Chouet, Richard Ranson, Guy Drew, Donald Arceneaux, Gaines Kergosien, Bill Landry, Nelius and Curtis Favre and Pete Benvenuti.

Dominic di Benedetto, Menou Arceneaux and Pete Benvenuti were the cheerleaders.

Since the war began the President has been appealing to the nation to invest their money in War Bonds and Stamps. Last week Brother Peter told us that it was time for the students to start doing something. He told us that if each student in the country would buy a Twenty-five cent stamp they could lend the government over a million dollars a week, which would be no small amount considering its coming from school pupils.

The Stanislaus students who are always eager to help out whenever they can pledged themselves to buy a twenty-five cent stamp every week.

The campus is still crowded every afternoon with eighty or more young athletes, going through the drills and practicing football.

The eleven year old boys were thrilled by their 18-0 victory over the eleven year old team from the Day School last Friday afternoon. J. V. Morreale, C. Poolson, J. Pery, P. Palermo and J. Wayner were the outstanding players for the winners.

Sunday morning the "Tiny" team from the "Small Yards" defeated the Troop 217 Boy Scouts Team 6-0. The following boys were in action for the "Tiny" team: David, J. Bonick, T. Terrier, J. Greco, T. Mobley, R. Hammett, J. Favre, R. Curran, T. Scarfo, A. Pitilo, Bonin, J. Straghan, Linkin, S. Dale and J. Delamain.

Next Sunday an interesting game will be played between the Day Scholars and Boarders. Floyd Troup and Joe Reuther are coaching the boarders and Theo Tudy and Raymond Carrio are coaching the day scholars. Kick off is at 2:30 at the college stadium.

The band has started marching practice in preparation for the first home game. There are approxi-

National Newspaper Week

The current week—October first to eighth has been dedicated as National Newspaper Week, with the idea that a little time would be spent in contemplation—seriously thinking about the Newspaper and its relation to American life. The newspaper may well be classed as an institution in this country, which had its beginning in the latter years of the 18th Century. And in the progress and growth of this nation it has been the most vitalizing influence in the unfolding years of time. In the United States the Press is untrammelled and its freedom is guaranteed by the U. S. Constitution in the Bill of Rights. In this country a newspaper goes bad only when its editors and owners become corrupted or misguided. This does not mean that all newspapers advocate and support the same attitude on public questions; but newspapers may hold widely divergent views on politics, religion and matters of public policy and yet each be honest in its own way of thinking and acting. And in this pro and con expression and debating the great body of the people get the different viewpoints and work them down to a common conclusion, and this is what makes the Press useful and powerful, and provokes the public mind to aggressive thinking. Even in this country we occasionally have newspapers which are published for selfish or corrupt purposes, but not for long, as a rule.

mately forty in the marching band. Those students who have completed the preparatory course will make their first appearance with the band. They are: Marion Wolfe, Ambrose Chiniche, Anthony Trapani, Charles Carter, J. V. Morreale, Bernard Farr, C. J. Piazza, Alvin Swanner, Jeff Favre, Jos. Fasold, Jos. David, Thomas Cobb, Robert Boh and Robert Fayard.

Officers for the coming year will be appointed next week. The staff is composed of twelve officers ranking from Captain to Corporals. The officers are distinguished from the other members of the band by the chevrons which each wears on the sleeve of the uniform coats. Commissioned officers wear the insignias above the elbow; non-commissioned officers wear their insignia below the elbows. It is quite an honor for a band student to be selected for an officer. This office is merited by those who have complied to all the rules and requirements set down by the Band Director.

Last Thursday afternoon the Junior varsity invaded Long Beach in a thrilling 7-7 tie. The Long Beach team was able to score first but the Junior Rocks managed to tie them in the fourth quarter by a pass from A. J. Seafide to Feahney. The high light of the game was an eighty-six yard run by Maggio, playing for the Rocks, in the last minute of the first half. The half ended before the juniors were able to follow up this break.

The present crisis in the life of our country is a great challenge to the newspaper, both large and small. It is a matter of great pride to all who esteem the newspaper that the challenge is being met with intelligence, and loyalty and courage. Every large daily in the country has its correspondents or representatives in the field on the very battle fronts, reporting first-hand the news of the day, and at the same time the small papers, wherever they may be operating, are giving largely of their space to the going and coming of the soldiers, urging people to buy bonds and collect the scrap, and such other matters as contribute a vital part to the war effort. The newspaper has a field and it will never be supplanted or its usefulness destroyed by any other agency of news or publicity.

as we always have honest papers ready to turn on the floodlights of publicity which soon causes the erring sheet to fold up and disappear as the blighting frost disappears before the morning sun.

Thomas Jefferson, who knew more about Democratic government and the rights of the people than any other man who has lived in this country, was one of the first men to recognize and appreciate the value and influence of the newspaper. Almost a hundred and fifty years ago Jefferson said: "The basis of our government being the opinion of the people, the very first object should be to keep that right, and were it left to me to decide whether we should have a government without newspapers or newspapers without a government, I would not hesitate a moment to prefer the latter." Such was the estimate placed by Thomas Jefferson upon the power and honesty of the press. Then along this same line we have the declaration of the great statesman and orator, Richard B. Sheridan of England who them a tyrannical Prince; Give them a corrupt House of Lords; Give them a venal House of Commons; Give them a tyrannical Prince; Give them a truckling court; And give me but an unfettered press and I will defy them to enroach one inch upon the liberties of England." And no less positive and constructive was the expression of Napoleon, the greatest military genius of all time, who said that one independent newspaper was more to be feared than a million trained soldiers.

And all down the years of time great men have recognized the power and influence of newspapers. It is no wonder then that great men and women are glad to be editors and publishers and bring the daily or the weekly message to their people. The great dailies of the country as they reach out into all the far-flung nations of the earth to rake up and get together and publish the doings of nations and peoples are great in their field. And the telegraph and telephone and radio have in no way adversely affected the daily paper. But of all the avenues of public expression the most influential and the most appreciated and the most eagerly awaited is the little Country Weekly published in our own town or county, taking notice of the local news, the births, the deaths, the marriages, the quilting parties and all the social affairs of the county in which we live about the people we know.

In addition to the interest in the local and general news pages of the Country Weekly, the local paper that has a strong editorial page wields a positive influence for good, for no matter how small, modest and unpretentious the paper may be the opinion, the education and conclusion of its editor, whether it be on the weather, the crops, the tariff, local, State or national affairs carries weight with the reader. The newspaper that attains a notable degree of success has behind it long hours and days and weeks of unremitting toil, no indling along in a free and careless way for a successful editor. But even with its hard work, its difficulties and drawbacks newspaper life is interesting and fascinating, and there is an element of truth in the old saying that Printer's ink once on the hands, always on the hands. Many great editors in the large cities have the ambition to retire sometime and return whence they came, to the field of the small country weekly.

National newspaper week is to

ADULTS—Night — 60 Cents

center the public's interest on your respective newspaper and to make the people conscious of the great work a newspaper does for its country, state and nation.

1. Your newspaper is a business institution.
2. Your newspaper is the looking glass of the community. Its reflection gives light to all local happenings.
3. Your newspaper is a warning signal against any corruption that affects the community.
4. Your newspaper is a leader of the people it serves—for the higher ideals of life and the progressiveness of the community.
5. Your newspaper is an index for the outside world to judge the kind of city and community it represents.
6. The editor, as a rule, is the leading promoter of all movements to advance his community. He more than contributes his part in time and money to all movements.
7. The editor is human. Do you ever commend his effort in the interest of his people by slapping him on the back and say: Neighbor you are doing a great job for us?

All honor to the newspaper, large or small, that serves its country intelligently and well in the days of strife and emergency or in the days of peace and progress. The newspaper deserves the material support of the people, and as a rule, will give back to the public service in proportion to the support and cooperation it receives.

REV. W. S. ALLEN NAMED CHAIRMAN FOR HANCOCK COUNTY

Of Blue Mountain College Endowment Campaign

The Rev. W. S. Allen, Pastor of the local Baptist Church, has been named chairman for Hancock County for the Blue Mountain College Endowment Campaign for \$200,000.00 the first phase of which is to raise \$100,000.00 to endow the Church of Bible at the college in honor "Mother" Berry.

Rev. Mr. Allen is now engaged in enlisting twenty workers in the county to assist with the solicitation. They are to be secured by October 12th. Mr. E. S. Flint of Biloxi, chairman of District 13, of which Hancock County is a part.

Mr. Flint has called a meeting of county chairmen and county workers for October 15th at the Baptist Church in Wiggins at 3:00 P. M.

Frank L. Fair, Louisville, General Chairman of the Campaign, states: "We hope to complete the campaign by November 16th when Mother Berry's portrait will be hung in the Mississippi Hall of Fame on her 92nd birthday."

AND OTHER SPORTS

By KANCHU KETCHUM

THE hunting season opened last Thursday, with the shooting of squirrels heading the list. Several hunting parties were out.

Among those inaugurating the opening of the season were "Red" Kimmel, Judge Henry Fayard, Deputy Sheriff F. J. Bopp, Gerald Price, Jr., Albert Hitt, John Mollere. Some squirrels were killed, but the warm weather seems to be a hindrance, said the sportsmen.

Fishing over the week end was good. Many large catches of speckles and white trout have been reported along with green trout and perch.

L. H. Dinkeldin of New Orleans, visiting Mayor G. Y. Balize made a nice catch of speckles and white trout Monday morning at the mouth of Bayou Caddy. Friend Dinkeldin enjoys fishing and never lets an opportunity pass when he can go.

Cliff Ferrell and Cliff Lyons fished Saturday afternoon up Pearl River. They were fly fishing.

Albert Hitt and Claude Presley and Bob Genin made a fishing trip to Logtown Saturday and returned with some green trout and perch.

Green trout seem to be taking under water baits best at this time of the year. A spinner does good work.

Mr. Joseph O. Mauffray and son, Alden, were trolling in Jordan river Sunday afternoon.

Roger Heitzmann reports some fine catches of speckles near the mouth of Jordan river last week. Roger says speckles are plentiful at this spot.

Our friend Henry Oosinach again reports catching some nice green trout and perch Sunday.

"Pete" Imahorn, president of the Hibernia Bank in New Orleans, enjoyed fly fishing in Pearl River Saturday afternoon. He returned home with some perch and green trout.

A number of boats were noted over the week end trolling in Jordan River. Roger Boh and Lucien Gex landed a few speckles.

Bayou Caddy has been furnishing some real good fishing lately. Several large speckles were caught there over the week end. The camp at this place now fulfills a long needed want. Bait and eats may be had at all times as well as boats. A good crowd of fishermen patronized the camp over the week end.

Fred Wright and party of four caught a nice bunch of bass and perch Saturday.

D. V. Cochran and party made a good catch Sunday of 30 speckles and some green trout and perch near the mouth of Bayou LaCroix.

Joe Samuels and Joe Cospelich caught a few nice speckles Sunday at the mouth of Jordan River.

Millard Toulme reports catching some speckles Sunday while trolling.

Congressman Wm. M. Colmer

Farm Parity and Price Control

The controversy between the Administration and the Congress on the question of controlling farm prices and a reasonable income for the farmer for his products is now at its height. Congress won the first battle in the House, when the bill passed, by a vote of 284 to 89, the House version of this highly controversial issue. The Administration waging a strenuous fight in the Senate at this time to undo or modify what the House has done. As usual a substantial portion of the press, joined by the radio commentators, has sought to place Congress in an unfavorable light in this controversy. And an effort has been made to make this controversy one of the so-called far bloc against the Administration's effort to curb inflation. As a matter of fact, there is no such controversy. Most of the Members of Congress would be perfectly agreeable to placing a drastic curb on the price of farm products, even beyond which the Administration is willing to go, if they could be assured that all other segments of our people are placed under the same restraint.

The House wrote the so-called Brown Amendment into the Bill because it felt that it was necessary to keep the farmer in business and in order to assure production of sufficient food—one of the sinews of war—to keep our war effort in balance. In other words, the House took the position, as the debates will reflect, that the farmer could not produce his products where the price of those products was limited to a comparatively low figure and at the same time pay high wages, which were not drastically cut.

The general impression has gone out to the country that the farmer is to receive 112 per cent of parity prices for the basic agricultural commodities produced by him, and that this means an increase of 12 per cent over the parity or equal income of industrial workers and other producers. As a matter of fact, such is not the case at all. To understand this fully it must be remembered that parity as defined by the law is the price of agricultural commodities which the farmer received in the base period of 1909-1914. While it is true that agricultural commodities are now bringing more than they did at that period by a small percentage, it is also equally true that the wages of the industrial workers and the income of all other classes over the period has soared to new heights. For instance, it is evident that the farmer cannot pay three or four times as much for the cost of producing his products today and at the same time sell them for the same price that he did from 1909-14.

The so-called Brown Amendment, therefore, was written into the Bill by the House so as to equalize the cost of production with the price of the commodities as much as possible. This Amendment merely requires the Price Administration to take this fact of the increased prices of farm labor into consideration in fixing the price of the farmers' products. Even should it remain in the bill and become a law, the farmer will not in any sense become on a parity with the industrial workers and other labor generally.

Unless some provision such as the Brown Amendment is made in this legislation as it is finally enacted, it is our prediction that there is going to be an acute shortage of food next year. We believe in all classes of our citizenship sacrificing in this war effort. Such sacrifice is absolutely essential if we are going to win this war. But we also believe that this burden of sacrifice should be borne equally by all classes of our citizens. We do not think that the farmer or any other class of our citizenship should be singled out to make all of the sacrifice any more than that the boys who are taken into the armed forces should make all of the sacrifice. But, beyond all of that, as a practical matter, unless provision is made to equalize this burden there is danger of starvation. The farmers will find it most advantageous to go to work in war industries and the necessary food will not be produced. So, forgetting the question of justice, as a practical matter such provision as that written into the bill by the House must be had in this war effort.

Millard Toulme reports catching some speckles Sunday while trolling.

"CROSSROADS" AT
A. & G. THEATER
SUNDAY AND MONDAY

Hedy Lamarr, William Powell
Co-Starring in Mystery
Drama Packed With
Thrills

A combination of swift-moving action and powerful, believable drama plus the presence of William Powell and Hedy Lamarr, makes "Crossroads," one of the year's most entertaining pictures.

The production has pace, balance, suspense and is expertly acted from the leads down to the smallest bit part. Every role is in the hands of an expert. The sure, meaningful touches so necessary for a smart, smooth film are injected in just the right quantity by Director Jack Conway. And the build-up to the smashing and unexpected climax is one of the neatest cinematic achievements of all time.

"Crossroads" is studded with big names of the stage and screen. In addition to Powell and the alluring Miss Lamarr, the film has a stunning cast of favorites including Claire Trevor, Basil Rathbone, Felix Bressart, Margaret Wycherly, Sig Ruman, Vladimir Sokoloff, H. B. Warner, Guy Bates Post, Reginald Owen, Frank Conroy, Philip Merivale, Fritz Leiber, James Rennie and Michel Lewis.

The action takes place in Paris in 1932. Powell, a successful French career diplomat, is victimized by a blackmail gang, headed by Rathbone and Miss Trevor. They prove Powell is masquerading under a false identity and that he is really a thief and murderer of fifteen years before. They threaten to expose his past unless he pays heavily for their silence.

Powell makes the transition from the flip Nick Charles of the "Thin Man" series to the harassed diplomat of "Crossroads" in splendid style. Miss Lamarr, as Powell's wife, gives a sympathetic performance. Basil Rathbone handles the menace role cleverly and with restraint, while Claire Trevor, as a night club singer and Rathbone's accomplice, makes sultry but shrewd siren. The sets are lovely and the background music by Bronislau Kaper add much to the mood of the story.

ORTE THEATER TO
SHOW "EAGLE SQUAD-
RON" SUNDAY-MONDAY

With Robert Stack and
 Diana Barrymore

Walter Wagner's new Universal production, "Eagle Squadron" the first screen story of American fighter pilots in the Royal Air Forces, will be the attraction at Orte Theater Sunday and Monday.

Heading a long and imposing cast are Robert Stack and Diana Barrymore, youngest member of America's celebrated "royal family" of stage and screen, who is making her motion picture debut in "Eagle Squadron."

Other notable players include Jon Hall, Eddie Albert, Nigel Bruce, Evelyn Ankers, Leif Erikson, John Loder, Edgar Barrier, Isobel Elsom, Gladys Cooper, Paul Cavanagh, Richard Davies, Jill Esmond, Gene Reynolds and Alan Hale, Jr.

Story is Authentic
 The authentic, behind-the-scenes story of "Eagle Squadron" tells of actual experiences of many American aviators who preceded their own country's entrance into the war by joining the RAF's Eagle Squadron in October, 1940. Flying their famous Spitfires, the Eagle Squadron since then has written many memorable chapters of the modern war in the clouds.

In addition, "Eagle Squadron" brings to the screen the widespread activities of British women in wartime, which include flying transport planes, operating radio directional apparatus and firing anti-aircraft guns. The fabulous British Commandos, the daring night raiders who have terrified the enemy are shown in action in an exciting sequence of "Eagle Squadron."

The authenticity of "Eagle Squadron" was assumed by many thousands of feet of film taken by a camera crew sent to England by Producer Wagner, on permission granted by the British Ministry of Information.

CHANCERY SUMMONS

Mrs. Nancy Bounds has returned home after spending a few days with relatives in Salem Community.

Food Section Of War Production Board To Conduct Meeting

"The Food Section of the War Production Board in conjunction with the Jackson Office will conduct a meeting in Jackson urging the establishment of more food dehydrating plants in the South. This meeting will be held in the Rose Room of Hotel Heidelberg, Wednesday, October 7, 1942 at 10:00 A. M.

Food specialists who will conduct this meeting will give detailed information on kinds and quantities of dehydrated food the government is buying. They will discuss conversion of existing equipment to dehydrating, cost of new equipment, priorities and financing problems. To demonstrate the dehydrating process, specialists will show samples of dehydrated foods and a miniature model of a dehydrating plant. This program offers a real opportunity to farmers and commercial concerns to convert their facilities to aid in the war effort. Anyone who is interested is urged to attend this meeting."

ENJOY the beautiful Mississippi Gulf Coast while qualifying for a career or a war emergency position by attending B. M. I in Pass Christian.

Make your reservation early. Only a limited number can be accepted. Write or wire for information immediately.

CHILDREN'S COLDS

FOR DIRECT RELIEF from miseries of colds—coughing, phlegm, irritation, clogged upper air passages—rub throat, chest, and back with Vicks VapoRub. Its poultice and vapor action brings relief without dosing.

ALSO, FOR HEAD COLD "sniffles" melt a spoonful of VapoRub in hot water. Then have the child breathe in the steaming vapor.

WAR-MAKING has undergone many changes since the days of chivalry. Men once fought hand-to-hand in coated mail, with lance or spear—and wars were fought by soldiers only.

War is now waged with deadly machines and no civilian is immune from attack. Moreover, it takes an army of workers on the home front, behind the lines to make the machines, supply the money and the ammunition.

This is everybody's war; civilian, soldier and sailor alike. It will be won in counting house, on farm and in factory as well as battlefield.

Men no longer fight with the same weapons nor with good sportsmanship, but the cause of freedom for which they fight changes little.

The purchase price of America's freedom was in patriot's blood. Maybe we will strive to do a better job when we realize that the present conflict is one in which we meet another installment on our original purchase.

Those enjoying the party were Betty Kehoe, Rita and Margaret Boh, June Breath, Nollie Dick, Mary Jane Green, Karen Kergosien, Mimi Jean Marguet, Jo Ann and Joyce Lee Lang, Sandra Scottie, Johnny Blanchard, and Jimmie Curran. The Echo wishes Mary Helen many more happy birthdays.

Personal and General

MISS MARY LUCILLA RYAN AND SERGEANT ROBERT J. FITZGIBBONS MARRIED.

The wedding of Miss Mary Lucilla Ryan and Sergeant Robert J. Fitzgibbons was solemnized at a nuptial mass at high noon on Sunday October 4th at Our Lady of the Gulf Catholic Church, with the Very Rev. Father Andrew J. Gmelch, officiating.

The bride, who is the only daughter of Mr. and Mrs. John J. Ryan of this city, was given away by her father and entered the church to the strains of Lohengrin's Wedding march looking lovely in a navy blue suit with matching accessories, and wearing an orchid shoulder corsage. Miss Ryan carried a mother of pearl prayer book and crystal rosary.

The bride's only attendant was her life-long friend, Miss Mercedes Fayard, who was becomingly attired in a chic brown and beige dress with accessories to match, and a shoulder corsage of rosebuds.

Sergeant Fitzgibbons had as his best man, James A. Ryan, brother of the bride.

Music was rendered by Mrs. Marie Weber at the organ and Miss Louise Armstrong as violinist, both aunts of the bride. At the request of the bride, her mother, Mrs. John J. Ryan, sang Schubert's Ave Maria. Mrs. Edouard Carrere sang several appropriate songs in a sweet voice.

Immediately after the Mass, the wedding cake was cut and refreshments were served to the bridal party and members of both families.

Out of town guests were Mrs. Cathleen Fitzgibbons of Channing, Michigan, Miss Gretchen Crane, Mr. and Mrs. E. N. Moore, Mr. William Rhumerkerf and daughter, Miss Wilhemena Rhumerkerf, Miss Catherine Cleary, Mr. Wm. McEniry and son, Mr. Homer McEniry, all of New Orleans, and Mrs. E. C. Carrere, Mr. George Howell and Mrs. Marie Weber all of Waveland.

Sergeant Fitzgibbons is the son of Mrs. Cathleen Fitzgibbons of Channing, Michigan, and is presently stationed at Keesler Field, Biloxi.

Immediately after cutting their cake, Sergeant and Mrs. Fitzgibbons left for a short honeymoon trip, after which they will be at home at 31 Porter avenue, Ocean Springs.

WEDDING OF MISS MARJORIE GUERRA

The wedding of Miss Marjorie Guerra, daughter of Mr. and Mrs. Emanuel Guerra, and Frank Poolson, Jr., son of Mr. and Mrs. Frank Poolson, was solemnized at 3:30 on Sunday, afternoon, October 4th, at Our Lady of the Gulf Church with the Very Rev. Father Andrew J. Gmelch, Pastor, officiating.

Music for the wedding was played by Mrs. Margaret Backman, and Miss Guerra entered on the arm of her father, becomingly attired in navy with matching accessories, and wore a shoulder corsage of white carnations.

Her only attendant, her sister, Miss Dolores Guerra, was dressed in brown and bronze small dahlias.

Frank Cox of New Orleans acted as best man to Mr. Poolson.

After the wedding, a reception was held at the home of the bride's parents on Broadman avenue, which was attended by a large number of relatives and friends of these young people.

Mrs. Poolson attended Bay High School and Mr. Poolson is presently engaged in defense work at the Delta Shipbuilding Corporation in New Orleans, and they will reside in New Orleans.

QUIET WEDDING CELEBRATED SATURDAY

A quiet wedding celebrated immediately after six o'clock mass at Our Lady of the Gulf Church on last Saturday morning, October 3rd, was that of Miss Delta Powell, daughter of Mrs. Mary Carver Wagner, and Mark Oliver, Jr., son of Mr. and Mrs. Mark Oliver.

Mr. and Mrs. Oliver left for New Orleans on Sunday where they will reside at 606 Second street.

MISS HATTIE FAYRE MARRIED TO PRIVATE RAY E. LONG, SUNDAY

Miss Hattie Fayre, daughter of Mr. and Mrs. John W. Fayre of Bay St. Louis, and Private Ray E. Long, son of Mrs. Ray E. Long of Winston-Salem, N. C., were quietly married on Sunday, September 20th in Gulfport.

The young couple is at present living with the bride's parents but are planning on moving soon to Camp Shelby where Private Long is stationed.

Report by Mrs. C. E. Craft, R. N., Superintendent.

Successful Bingo Game Held Last Sunday

A very successful bingo game was held at Trapani's Knock-Knock Club on last Sunday afternoon with Mrs. Arthur A. Scaffide, Chairman, of the Bingo Committee of S. J. A. Parents Club, and an able committee assisting which netted a handsome sum to be used in the Club's charity work.

The entrance prize of a \$2.50 defense stamp was won by little Miss Rita Boh, and a large crowd attended the party.

Mrs. Scaffide's committee consisted of Mrs. Mildred Piazza, the Misses Miriam and Levia Engman, and Mrs. J. A. Green, Jr., President, and Messdames Roger Boh and Frank Kiefer, members of the Parents Club, all ably assisted in making the first activity of the Parents Club a success.

Everyone who attended, donated prizes or assisted in any way is gratefully thanked through this medium.

—Mrs. Carrie Nolan, owner and operator of Nolan's Beauty Shop which is located in the Kergosien Building next to the Beach Drug Store, will leave next week to take a special course in hair styling and the newest developments in beauty culture. During her absence, Mrs. Nolan's beauty shop will be operated by her assistant, Mrs. Gladys Kacor, who came to Bay St. Louis from Galveston, Texas, and whose ability is well known to the many patrons of Nolan's Beauty Shop who have been served by her during the three months of her connection with the shop.

—DeMontulzin's Drug Store business which has come down to the third generation has closed its doors for a period of two weeks and Mr. and Mrs. Rene de Montulzin, Sr. have gone to New London, Conn., by way of New York for a visit to their son Rene deMontulzin, Jr., who is in the service of his country. Mr. and Mrs. deMontulzin were joined in New Orleans by Miss Emily Hosmer who accompanied them. They were met in New York by their son. We and their many patrons and friends join in the hope that they will enjoy their trip, which will afford them a much needed rest. Upon their return the business will reopen and proceed as usual under the capable management of Mr. Rene, who we are certain will then be smiling more than ever, after having enjoyed the Gayeties and Bright Spots of New York.
